Titleist golf balls are the number 1 balls on tour and perfect for all skill levels. The PRO V1 is one of the best known and highly regarded golf balls on the planet. It is faster from core to cover and has been designed to leave the club-face with more ball speed and lower long game spin to achieve more distance while providing the best short game control to help golfers shoot lower scores. It has a very soft feel that produces enhanced Drop-and-Stop greenside control which stops iron shots much faster than harder balls. The PRO V1 is nicely presented in boxes of three in an outer box of one dozen balls. The branding on the packaging is subject to change without notice and this product must be ordered in dozens. Please note this product cannot be supplied unbranded or without the Titleist logo.

A BLUNT umbrella is as much a fashion accessory as a high performing product. With a unique patented style, shape and a pop of colour, you will always stand out no matter the weather - turning heads while keeping yours dry.

The Blunt™ umbrella is a perfect blend of form and function. The patented Blunt™ tips open like miniature umbrellas within custom pockets at the canopy edge and perform multiple purposes to make the Blunt™ umbrella what it is. They create even tensioning of the canopy, providing a far superior structure and aerodynamic surface for overall superior performance, and the rounded edges mean the tips are far safer than traditional umbrellas. The design means that Blunt™ umbrellas perform in all weather conditions - including winds of up to 115km/h.
